INSTRUCTIONS

1. Start by using your NCR or tissue paper to transfer on your turkey pattern (we will put the words on later).
2. Paint the turkey with 2-3 coats of Beachcomber using your medium brush.
3. Next we are going to paint the outside rim of the plate with 2-3 coats of Honeycomb using your large brush.
4. To paint the rim of the glasses, use your medium brush and apply 2-3 coats of Honeycomb.
5. Paint the background of the plate, working around the turkey with 2-3 coats of Olive You.
6. After the green dries, use your medium brush to apply 2-3 coats of Cranberry sauce to the middle part of the rim and the hat.
7. Fill in the shades of the glasses with 2-3 coats of Stardust.
8. Next, use the liner brush to gently tap dots onto the turkey using Mocha Java. Just one coat on the dots.
9. Use your liner brush to make a funky messy outline around everything with Licorice. We are not going for perfection, make it thicker in some places and thinner in others.
10. When the black is dry, use your NCR or tissue paper to trace on the words.
11. Use your liner brush to paint one heavy coat of Licorice to your letters.
12. Finally we are going to put the dots inbetween the letters using Cranberry Sauce and Olive You.
To do this, dip the stick end of your liner brush into the paint and tap the dot down alternating colors between letters.

TIPS

- 3 coats of paint will give you nice solid colors.
- The harder you push down on the brush, the thicker the line will be. So, on the details keep the brush straight and don't press down to get the finest lines.
